OVERSIZED VEHICLE PARKING PERMIT

An oversized commercial vehicle is defined as any vehicle consisting of a truck tractor, motor truck, trailer, semi-trailer, or a combination thereof, exceeding a manufacturer's G.V.W. of 10,000 pounds.

PLEASE READ RULES AND REGULATIONS:

YMC 10.04.020 - Parking on public streets, highways, alleys or rights-of-way and on residential property.:

A. Except as provided for in this section:

1. It is unlawful for any person to park, or allow to be parked, any commercial vehicle consisting of a truck tractor, motor truck, semi-trailer, or a combination thereof, exceeding a manufacturer's gross vehicle weight of ten thousand (10,000) pounds, upon any street, highway, alley, public right-of-way or residential property within the city.
2. It is unlawful for the owner or operator of any commercial vehicle consisting of a truck tractor, motor truck, semi-trailer or a combination thereof, exceeding a manufacturer's gross vehicle weight of ten thousand (10,000) pounds, to allow such vehicle to remain standing upon any street, highway, alley, public right-of-way or residential property within the city.
3. It is unlawful for any person to park, or allow to be parked, any trailer which has been detached from a truck tractor or truck, or which is not in itself capable of being driven, upon any street, highway, alley or public right-of-way within the city.
4. It is unlawful for any person to park or leave standing within one hundred (100) feet of any street intersection, or within one hundred (100) feet of any official traffic control device, any vehicle which is ten feet or more in height, including the height of any load thereon.
5. It is unlawful for any person to park or leave standing on any street, highway, alley or public right-of-way within the city, any commercial vehicle consisting of a truck tractor, motor truck, trailer, semi-trailer or combination thereof, exceeding a manufacturer's gross vehicle weight of ten thousand (10,000) pounds, so that any part of such vehicle is within thirty (30) feet of any driveway opening, other than the driver's own driveway.
6. It is unlawful for any person to park or leave standing on any street, highway, alley or public right-of-way within the city, any commercial vehicle consisting of a truck tractor, motor truck, trailer, semi-trailer or combination thereof, exceeding a manufacturer's gross vehicle weight of ten thousand (10,000) pounds, so that any part of such vehicle is within fifty (50) feet of any part of any other truck tractor, motor truck, trailer, semi-trailer or combination thereof.

B. Commercial truck tractors, motor trucks, semi-trailers, or combinations thereof, exceeding a manufacturer's gross vehicle weight of ten thousand (10,000) pounds, may be parked on public streets, highways, alleys, public rights-of-way, or residential property as follows:

1. On designated truck routes for a period of time not exceeding two consecutive hours;
2. While making pickups or deliveries of goods, wares or merchandise from or to any property adjacent to or abutting upon streets or highways which are not designated truck routes;
3. When such vehicle is parked in connection with, and in aid of, the ongoing performance of a service to, or on, a property in the block in which such vehicle is parked or left standing;
4. The restrictions and prohibitions set forth in subsection A(1), (2) and (3) of this section shall not apply to commercial vehicles which have valid and effective permits issued pursuant to Section 10.04.030.

C. The provisions of this section **shall not apply** in the community industrial land use district. (Ord. 162 § 2, 1997)

YMC 10.040.030 - PERMITS

A. Any owner or operator of a vehicle or property which is subject to this chapter may apply to the city planner, or the designee of the city planner for, and the city planner, or the designee of the city planner, may issue, a permit for an exemption from the restrictions and prohibitions of Section 10.04.020(A)(1) through (3). The permit shall be in such form as may be approved by the city planner. Application for such a permit shall be made on a form approved by, and subject to such verification as may be required by the city planner.

B. Permits shall expire one year after the date of issuance. Applications for renewal of a permit shall be

submitted to the city planner at least ten (10) days prior to the expiration date of the then-current permit.

C. Permits, if issued to nonresident visitors, shall expire three days after the date of issuance. Not more than three nonresident visitor permits may be issued to any one person in any twelve (12) month period of time.

D. Permits shall be nontransferable and shall apply only to the particular property or location described in the application, and the rights granted therein shall be limited to the term of the permit.

E. The city planner may revoke any permit issued hereunder prior to the permit's expiration date upon a determination by the city planner that good cause exists for such revocation. Good cause for revocation is established by a finding by the city planner that the permittee, or any person operating a permitted vehicle with the permittee's consent, has violated one or more of the provisions of this chapter or any other provision of this code or of state law relating to the operation, licensing, maintenance or parking of vehicles. (Ord. 162 § 3, 1997)

YMC 10.04.040 Permit conditions.

Each permit issued pursuant to Section 10.04.030 shall be subject to the following conditions:

A. No vehicle shall be parked or left standing on the paved portion of any street, highway or alley unless the paved portion of the half-width roadway is at least twenty-two (22) feet wide.

B. No vehicle shall be parked or left standing on any street, highway, alley, public right-of-way, or vacant property within one hundred fifty (150) feet of any dwelling except with the written consent of the owner of the parcel on which the vehicle is left parked or standing, and from the owners or residents of the adjacent parcels.

C. No vehicle shall be parked or left standing on that portion of any roadway which abuts a parcel upon which there exists a public facility, including, but not limited to, parks, schools and civic buildings.

D. The operator of the vehicle shall not idle the vehicle's engine for longer than thirty (30) minutes within any four-hour period, nor race the vehicle's engine, nor blow its air horns.

E. No vehicle shall be loaded or unloaded or have cargo transferred to or from the vehicle except during the first twenty-four (24) hours during which a vehicle is mechanically disabled.

F. No refrigeration unit on the vehicle shall be operated between the hours of eight p.m. and eight a.m.

G. One truck tractor with a trailer or semi-trailer may be parked on the owner or operator's residential lot if such lot is at least twenty thousand (20,000) square feet in size. One additional truck tractor with a trailer or semi-trailer, up to a maximum of three such vehicles, may be parked on the owner or operator's residential lot for each additional twenty thousand (20,000) square feet which said lot contains. No vehicle shall be parked or left standing pursuant to this subsection unless all parts of the vehicle are at least five feet from each interior property line and at least fifteen (15) feet from all public rights-of-way and easements, and unless the owner/operator has obtained the express written consent of the current residents of all adjacent parcels.

H. Truck tractors may be parked in the driveway of the owner or operator's residential lot of any size, subject to the following conditions:

1. The truck tractor must be completely clear of all public streets, sidewalks and easements, except that this condition may be waived or modified by the city planner on original review, or on appeal to the city planner by an applicant from a decision by a delegate of the city planner, that a permit may not be issued without this condition. Exercise of the discretion to waive or modify this decision may not be delegated by the city planner.

2. No mechanical work, nor any routine maintenance or repair work which causes an excessive amount of noise may be performed before eight a.m. or after eight p.m.

3. The owner/operator provides the express written consent of the current residents of all adjacent parcels. (Ord. 223 § 2, 2003; Ord. 211 § 3, 2001; Ord. 162 § 4, 1997)
