-------------------------------	---------------------	-----------

OBSERVATIONS:

Minimal feathers inside and outside of the coop but still some of the chicken waste was extending outside of the enclosed coop. Owner stated that they will be re-doing and cleaning up all of the waste before they add about 50 chickens. Only one coop occupied with approximately 100-150 chickens.

RECOMMENDATIONS:

Remove remaining feathers in the enclosed coop and surrounding areas. Maintain all chicken waste so as to keep it inside the enclosure.

ACTION TAKEN:

None required.

Biosecurity Measures Taken Yes x No

Inspected By: P.Swantek
